Assignment Submission

For this assignment, you submit answers by questions.

Assignment Scoring

Your last submission is used for your score.

SCalcET8 DT.2.001a.

Find an equation for the line that passes through the point $(x, y) = (2, -3)$ and
has slope -3 .

If you have had difficulty with this problem, you may wish to consult the Review of Analytic Geometry on the website [StewartCalculus.com](https://www.stewartcalculus.com).
